Marvel Studios' movie release 'Spider-Man: Far From Home'

Peter Parker returns in 'Spider-Man: Far From Home', the next chapter of the Spider-Man: Homecoming series! Our friendly neighbourhood Super Hero decides to join his best friends Ned, MJ, and the rest of the gang on a European vacation. However, Peter's plan to leave super heroics behind for a few weeks are quickly scrapped when he begrudgingly agrees to help Nick Fury uncover the mystery of several elemental creature attacks, creating havoc across the continent. Directed by Jon Watts, the movie released in India on 5th July, 2019.

Disney's Live-action movie remake 'The Lion King' released

'The Lion King' Comes Full Circle after 25 Years with Disney's releasing the live-action remake of the movie on 19th July, 2019.

Directed by Jon Favreau, the movie journeys to the African savannah where a future king is born. Simba idolises his father, King Mufasa, and takes to heart his own royal destiny. But not everyone in the kingdom celebrates the new cub's arrival. Scar, Mufasa's brother, and former heir to the throne, has plans of his own. The battle for Pride Rock is life with betrayal, tragedy and drama, ultimately resulting in Simba's exile. With help from a curious pair of newfound friends, Simba will have to figure out how to grow up and take back what is rightfully his.

Photogrammetry Capture brings Michelangelo's Sistine Ceiling to Life in VR

From the years of 1508 to 1512, Michelangelo painted 300 individual figures across the 6,000 sq. ft. interior of the Sistine Chapel which depicted several scenes from the Old Testament, beginning with the Creation of the World.

Now thanks to the tireless efforts of Epic Games' Lead Technical Animator and self-proclaimed Michelangelo fan-boy, Christopher Evans, fans of the iconic sculptor, painter, architect, and poet have the chance to step into a painstakingly-crafted recreation of the historic art powered by Unreal Engine and the Valve Index VR headset.

Experience near life-like VR rendition of the Sistine Chapel, complete with 100 clickable locations and an hour-long guided audio tour. Pieced together in Unreal Engine using 90-4K maps composed of 15-years worth of high-resolution scans and photographs, each piece of art included in the experience features an incredible amount of detail.
